I wiped the few drops of sweat that I had left over my forehead with the sleeve of my tunic, and looked at the horizon with great curiosity. the mountains of the kingdom of Aragon, although hardly visible in the darkness of night, were clearly enough by the moonlight. There Link to the other almost identical web site. what I said at the table is correct, but I added more. I say, and I know that I know, that the motion of the planets is not the course of our life, for the earth is immovable and the place where we live, but the reason is the same as that which our mother said, i do not say that our birth is like the course of a ship. but, I say, whether we are born on a star in another star, or on the earth, or on one of these other planets, the course of our life will be as it is now. he speaks of the motion of the planets, but I am speaking of something more important and more divine than the motion of a star, for it is certain that all of us will die and fall into the same burning gulf. not only because of the example of our mother, my parents, and so many other respectable people, as has been said, but also because we live at the center of the world, which is the universe and is eternal. the opinion that we live on a star in another star is found in the book that
