How do I get the background color of my status bar on my app to the color of the color box? A: You need to check StatusBar - Customization Guide, read the following sections: Important: The status bar should be visible at all times in your app. If it's not, your users will see it as gray instead of black, which could break your app's appearance. (It also looks bad.) and To customize the status bar appearance, first create a
